

Alternative Social Media Update 06 February 2021 (0600)

Executive Summary

Fringe social media continues to give limited attention to any potential domestic or international security concerns. Of note, there is mention of 'Sydney Powell's Michigan Election Case,' 'Lin Wood's Georgia Election Case,' and a 'Pennsylvania Election Fraud Case,' which are all scheduled for a 'conference with the Supreme Court' on February 19, 2021. Sydney Powell and Lin Wood are prominent promoters of Q-Anon conspiracy theories and have the potential to draw supporters of President Trump, however, no specific mentions of any protest activity are discussed, see Gab and 4chan posts. Further, there are no mentions of protests in association with the upcoming impeachment proceedings, an upcoming joint session of congress, or an event on 4 March 2021.

Other topics trending on alternative social media are LTG (Ret) Flynn's interview on 'The Right Side with Doug Billings,' Marjorie Green's removal from committee assignments within the House of Representatives, vaccine conspiracy theories, and further intrigue from the coup in Myanmar. The discussion with LTG (Ret) Flynn is billed as the first in a monthly series, see 4chan post for link to interview.

GEN FLYNN: "No plan; get involved."

<https://therightsidewithdougbillings.buzzsprout.com/1148405/7701241-general-michael-flynn-interview>

Our interview with General Michael Flynn.

There is hope here and although some of the news won't be what you want to hear, we must face reality and forge ahead with determined prayer and determined patriotism.

This is the first episode in a monthly series of interviews Doug will have with the General.

Much more information coming. Keep the faith and hold the line.

SCOTUS CONFERENCE ABOUT ELECTION FRAUD ON FEBRUARY 19ND

>TRUMP V PENNSYLVANIA HAPPENING

LTIOV: 0600 06 February 2021

>LIN WOOD V GEORGIA AND SIDNEY POWELL V MICHIGAN CASE ARE ALSO DOCKETED ON THAT DAY

>PENNSYLVANIA SECRETARY OF STATE RESIGNS AFTER SCOTUS JANUARY 22TH CONFERENCE. WHAT DID ROBERTS TELL HER?

>DISTRIBUTED for Conference of 2/19/2021.

Chief Justice John Roberts either has to sit this one out (apparently the delay is because one of the supreme judges is personally implicated in the case and would not be able to do his job in a neutral way), which would mean the others could do their job without Roberts' corrupt influence OR Roberts has to actually acknowledge election fraud. Either way, after February 19nd the supreme court of the United States will NOT be able to claim ignorance to election fraud. If they do, every single NATO member should just quit NATO, because being in a military alliance with a banana republic is not a smart geopolitical decision, to say the least.

I woke up early this morning literally laughing thinking about what a bunch of morons the Democrats (+11) are for giving someone like me free time.

In this Democrat tyrannical government, Conservative Republicans have no say on committees anyway.

Oh this is going to be fun!

Democrats who sat back and cheered while millions of Americans were impacted by rioting all summer have now spent the night on the House floor tearfully describing their own trauma from a riot in which none of them were harmed. I truly despise these people. Dirtbags. All of them.

Biden's Defense Secretary ordered a 60 day service-wide stand down to address "extremism" within the US Military.

This is nothing but a political litmus test of our brave men & women.

It is obscene & dangerous to use soldiers who risk their lives for America as political pawns.

We can hardly be surprised by these political litmus tests given Biden's political vetting of the 26,000 National Guard troops in DC for his inauguration.

I spoke up, as did many others, warning that would open up a very dangerous precedent & less than a month later here it is.

We now live in a clown world where Marjorie Taylor Greene is too "dangerous" to be on committees, but Eric Swalwell, who literally banged a Chinese spy, isn't.

Democrats are purposefully trying to lure us into another protest situation
(15 upvotes, 0 downvotes, 11 comments)

First off, everyone knows (even the Biden admin) that they don't have a clue what they are doing.

The ONLY thing Democrats are good at is destruction. That's it!

Notice how they are trying to milk this Capitol bullshit for eternity?

Also notice how they are doing things to try to trigger us?

The best thing we can all do is turn off the fucking news for awhile and smile.

Don't let them lure you into being angry. That is exactly what they want.

This article should convince everyone here - if you protest against this unelected police state LEAVE YOUR PHONE AT HOME - wear a mask - nondescript clothing

How do you know Myanmar Military Coup is a good thing.

-Biden hates it

-Boris hates it

-Media hates it

-Social Media talking heads hate it

And now the UN condemns it.

I bet they do.

Sites Used/Notes About Information Sources:

*Telegram is an app that provides end-to-end encrypted calls and optional end-to-end encrypted "secret" chats between two online users on smartphone clients. It has been used by Jihadists and nationalist extremists in the United States to communicate, but also can just be used like a regular messaging app such as WhatsApp or Signal. There are some open channels that can be monitored; however, most traffic occurs in closed conversations or groups.

*thedonald.win is another messaging board type forum where users are now congregating. It passes similar information to that found in 4chan. thedonald.win changed their domain to patriots.win.

*Tor is a browser used by persons attempting to gain access to websites that require complete anonymity and is essentially a private internet browser. It is used like a normal browser, however, some websites block its use, as it prevents any information from the user from being shared with the website.

*8chan was 4chan with a higher level of vitriol. The original 8chan was shut down after it was exposed to have radicalized the El Paso shooter. 8chan has migrated to 8kun, a site only constantly available through the use of Tor. It is used in this report. 8kun is obviously far more extremist than any of the other sites, its banner for the Politics, News, and Debate thread says to 'Gut your local congressman Today.' 8kun also makes incredibly explicit threats towards Nancy Pelosi, see thread shown below, however, these are likely just online posturing.

*Gab, another Parler-esque Twitter analog is also used briefly in this report, however, the website is experiencing severe strain due to the amount of new users it is receiving as they flee other sites, so it is challenging to access. Andrew Torba, account @a, is heavily active on the platform.

*For reference, 'Politically Incorrect' is a messaging board on 4chan. This is an anonymous messaging board. There is not a good way to determine how much traction each thing is gaining aside from the number of times it has been replied to/posted.

* Fringe thinking pervades, but those with fewer views on the list are certainly more speculative/outwardly violent Parleys. In Parler, Tweets are called Parleys, Retweets are Echos.
